FOURTH MERCHANTS' PICNIC BIG SUCCESS

After Rain of Morning, Old Sol Smiles in Afternoon.

AND WEATHER IS IDEAL FOR THE VARIOUS EVENTS

Contests, Picnic Parties and Band Concert Make Day Most Memorable One.

Notwithstanding the threatening weather up to an early hour in the afternoon and the rain during the morning, the fourth picnic held by the merchants at Lincoln park, Wednesday afternoon, was attended by about 2,000 people. Old Sol appeared from his hiding place behind the clouds and his rays soon had the grounds at the park in fine shape.

The shoemen, the clothiers, the doctors and the dentists were the hosts for the day, and a fine program of entertainment was carried out without any charge, and only one person of the entire assemblage expressed dissatisfaction of the program.

The crowd filled the stand and many of the older ones swarmed the field with the hundreds of small boys and girls who waited for the contests. Those in charge of the contests had no end of trouble in keeping the crowd back a reasonable distance, but succeeded sufficiently to permit the occupants of the stand a good view of the events.

Opens at 2:00 P. M.

The program of events started at 2:30 o'clock with a ball game between the shoemen and clothiers and resulted in a victory for the latter team by a score of five to three. The game went seven innings, and was fast and well played. Meltz, McFarland and Thompson did the heavy work for the shoemen and Field and Van Aurenman for the clothiers. Field pitched a fine game, allowing but one scratch infield hit.

The shoemen secured revenge on the clothiers when the shoemen and doctors clashed with the dentists and clothiers in a tug of war, and were not long in pulling the clothiers and dentists over the line.

Picnic Parties.

The contests were hurried through and many picnic parties enjoyed supper at the park. In the evening Haver's concert band rendered a pleasing program for the pleasure of a large crowd. The band concert started at 7 o'clock and when rain stopped the concert at 9:45 o'clock, a number of the musicians made up an orchestra which played in the pavilion for half an hour by those marooned in the building by the storm.

The contests and winners during the afternoon besides the baseball game and tug of war were as follows:

Seventy-five yard dash for boys ten to twelve years of age, pair of shoes, won by Richard Tuttle, of Elm avenue.

Running high jump for boys from twelve to fourteen years of age, puppet, won by Gaylen Enders, of Mound street.

FEDERAL CENSUS INQUIRY IGNORED BY SOME HERE

It Deals with Homes That Are Encumbered.

The census law required the director to collect statistics concerning the number of farms and homes that are encumbered and the amount of the encumbrance thereon. The enumerators who were employed in the rural districts collected this data for the farms, but it was impracticable for the enumerators in the cities to secure reports on this subject. Circulars were sent to all persons reported by the enumerators as owning city homes subject to encumbrance.

The residents of some cities have neglected to reply to the inquiry. This is the case in Marion. "We have mailed to your citizens circular letters on this subject but thus far have received replies from only a small number. It will, of course, be necessary for the census bureau to compile statistics based upon this small number of reports, but I am afraid the results will not be indicative of the actual conditions in your city," Director W. M. Stewart writes in the Maricop Chamber of Commerce from Washington. "I write you in the hope that by publicity or other means you will bring the matter to the attention of your citizens so in the request that they give prompt reply to the census inquiry, in order that correct statistics on this important subject may be compiled."

"The information furnished in reply to the schedules is treated as strictly confidential and used exclusively for the purpose of compiling statistics."

There is a penalty for failing to answer.

ENGLISH ARE STILL HOPEFUL

Want De Valera To Keep Door Open for Peace.

GOVERNMENT WAITS SINN FEIN ACTION

Official Rejection of English Peace Terms Expected from Irish Parliament.

London, Aug. 13.—Government expects official rejection of the English peace terms by the Sinn Fein parliament at Dublin, but official circles are hopeful that Eamon de Valera will keep the door open for further negotiations. The Star stated this afternoon.

A formal communication from de Valera, embodying the decision of Dail Eireann, was expected from Dublin, Sunday.

Opinion Differs.
Dublin, Aug. 13.—Dail Eireann, Sinn Fein parliament, was in secret session here today and it was understood that the members were debating the British peace offer as the preliminary to the formulation of an official communication to Premier Lloyd George, containing counter-proposals.

The Irish Times, in commenting upon the peace situation, said:

"If a deadlock has been reached, then the time has come to refer the British government's offer to the people. The people are certainly entitled to be consulted on a question concerning the life and peace of every man, woman and child. If a deadlock has not been reached and if Dail Eireann thinks that some advance, however small and tentative, can be made towards a settlement, then it ought to be made very quickly. To us, the British government's offer appears to be definite and final."

The Freeman's Journal calls for a plain statement from the British government, whether or not it endorses General Smuts' interpretation of the English proposals. If so, said this newspaper, it must go a long way to establish peace.

General Smuts. In a letter to Eamon de Valera, stated that the British offer guaranteed Ireland dominion rule. De Valera, in his first speech to Dail Eireann, denied that Ireland would have dominion status under the British terms.

Although the situation is critical and de Valera has announced that the British offer will not and cannot be accepted, there has been no recurrence of disorders and both sides are still observing the armistice.

OFFICIALS ENTER A DEMIAL TODAY

Bay Professor Heller is Not Lost in Mountains.

Helena, Montana, Aug. 13.—Officials of the Yellowstone National park, today, branded as false the report that Professor Edmund Heller was lost in the Hoodoo mountains. They said that Professor Heller was in the park to photograph big game, to secure material for a lecture tour. He has been in the park since last Saturday, waiting for cameras and supplies.

Mrs. Heller accompanied the professor, but was called to California, Monday, on account of the death of her father, a professor of languages at the University of California. Heller has not been away from headquarters since his arrival in Yellowstone, officials said.

LUCKY STRIKE CIGARETTE

CARRIER PIGEON IN WONDERFUL FLIGHT

Carries Message from Lost Explorer 2,000 Miles.

New York, Aug. 13.—Friends of Professor Edmund Heller, distinguished naturalist and collaborator with the late Theodore Roosevelt, were today anxiously awaiting word from the Yellowstone park guides who were instructed last night by telegraph to search for the professor, following the arrival of a carrier pigeon in New York bearing a S O S message, purporting to come from him. According to the message, Professor Heller is lost on the slopes of Hoodoo mountain in Yellowstone park.

The carrier pigeon, bearing the message was discovered last night, completely exhausted, by a policeman on Broadway. Attached to his leg was a message addressed to Dan Slinger, at the Hotel Bellevue, reading: "I am lost on Hoodoo mountain, Yellowstone. Send help, provisions and packhorses." Heller, Slinger was notified at once and telegraphed to Wyoming friends to institute immediate search for Heller. The note bore the carrier pigeon was dated August 13, which means that the bird traveled some 2,000 miles in four days.

Pigeon fanciers, today, declared that this was an extraordinary feat for a bird to perform.

FATHER GIVEN WARNING TO PAY

For Return of Child Murdered in New York.

TRIAL OF ALLEGED MURDERER OPENED

Man on Trial On Seven Charged with Complicity in Killing of Boy.

New York, Aug. 13.—The case against Roberto Raffaele, of Union hill, New Jersey, one of seven men indicted in connection with the murder of five-year-old Giuseppe Varotta, whose body was found in the Hudson river early in June, more than a week after he had been kidnapped, was outlined, yesterday, before a jury.

Assistant District Attorney Brothers declared the youth was murdered after Raffaele and four others had been arrested on charges of having kidnapped him. The father had paid \$2,500 for the boy's return and remained silent, his child would be drowned in the river, the prosecutor said. The parents informed the police.

More than a year ago the father sued for \$50,000 for injuries he had received when in an automobile crash, the attorney said, and neighbors assumed he had obtained large sums in settlement.

Man Is Seized.

A detective then hid in the house, said Mr. Brothers, and when John Melchione appeared, the \$500 was given to him. He was seized. Outside the house, the attorney said, Raffaele and Antonio Marino, who awaited their companion, were nabbed, and the next day James Ruggiere and Santo Cusumano were arrested. The two others under indictment are at large.

Mr. Brothers asserted that after the boy's father received the letter demanding ransom, Cusumano and Marino, neighbors of the Varottas, showed by conversations that they knew about it. He informed the father he would receive another message, advised paying the ransom, and declared the child was safe.

Dr. Otto Schultze, who performed the autopsy, testified the boy's body had been in the river several days, and that death came by drowning, there being no evidence of injury. On cross-examination he was asked whether he could tell from his examination if suicide caused the drowning. Dr. Schultze declared he was unable to say.

ROAD MATERIAL MEN CUT PRICE

Will Reduce in Keeping with New Freight Rates.

BUCKEYE STATE GETTING RESULTS

Both Sides Yield to Pressure Brought by Governor Davis. Road Contracts Cancelled.

Columbus, Aug. 13.—Announcement that the Ohio railroads will take no further action relative to its joint proposal to reduce freight rates approximately eighteen percent, on sand, gravel and crushed stone shipments, marked today's hearing by the state utilities commission, which is inquiring into the Ohio freight rate situation. The announcement was made by S. C. Matthews, St. Louis, representing the traffic department of the Pennsylvania railroad, who today completed his testimony on the witness stand.

Mr. Matthews, who aided in the preparation of the schedule of proposed reduced freight rates, had testified concerning the proposed rates.

Mr. Matthews declared that the railroads will await the commission's decision as to whether the commission will order freight rates reduced. He stated, however, that the railroads stand willing to confer at any time with representatives of Ohio shippers with a view to agreeing upon lower freight rates.

Mr. Matthews made his announcement after speaking for the state highway department objected to the proposed freight rate reductions, indicating that they were insufficient.

When the noon recess was ordered, R. J. Leimer, statistician for the bureau of railway economics, Washington, was on the witness stand. He admitted statistics in support of the claim that the railroads throughout the United States made a net earning of 1.3 per cent, during the first six months of this year, as compared with the six-per-cent, federal guarantee.

In order to obtain six per cent, Mr. Leimer testified, the net earnings during the last half of this year must total \$383,204,000, the first half of the year being marked by a \$335,520,000 deficit.

To Cut Prices.

Columbus, Aug. 13.—That a number of the largest shippers of sand and gravel in Ohio have promised to cut their prices in the same proportion as freight rates are lowered, is the announcement made by State Director of Highways Herrick.

A statement was issued by Governor Davis to the effect that efforts of the administration to lower the cost of road building has resulted in definite promises from practically all material interests that they will make substantial price reductions.

"We have now succeeded in getting the assurance of practically all other material interests to cut their prices even beyond any reduction in freight rates that will be made," declared Director Herrick. "We expect these price reductions to be announced shortly and therefore, have deemed it advisable to cancel the lettings which have been announced for Friday and for a week from that day."

Bids asked for contracts for August 19 and 26 are to be deferred until after lower freight rates and lower prices for road-building materials become effective. It was stated.

In Agreement.

Columbus, Aug. 13.—An offer of approximately an eighteen per cent freight rate reduction on highway materials, except brick, was made by the railroads, and the material men came forward with a proposal to reduce their prices to the same extent, or greater, as freight rates are cut. Both sides yielded to pressure from the state.

Governor Davis issued a statement saying efforts of the administration to bring down the cost of road building had resulted in definite promises from practically all material interests that they would make substantial price reductions.

How this came about was explained more fully by Director of Highways Herrick. He said first promises came early in August from several of the largest sand and gravel shippers in the state. "They pledged themselves to cut their prices in the same proportion as freight rates would be lowered, so if the latter would be cut say twenty-five per cent, they would reduce the price of sand and gravel a full twenty-five per cent," said Herrick.

Senator Brand, of Urbana, who started the rumormongers six weeks ago, said it "looks like we're getting results." He was in Columbus in connection with Attorney General Price's request for information on which to begin investigation of Brand's charges that collusion, with a view to price fixing, exists among road-building interests.

AN ARMISTICE IS IN EFFECT TODAY

Governor Small's Case Will Rest Until Next Tuesday.

Springfield, Illinois, Aug. 13.—"Armistice" was in effect today, between State's Attorney C. Fred Mortimer and attorneys for Governor Small, of Illinois, charged with embezzlement and fraud. It will last until Tuesday, September 5, when the governor's counsel will formally petition for a change of venue for his trial from Sangamon county.

"The armistice" became effective when Vernon Curtis, millionaire banker and codefendant with Governor Small on a fraud charge, joined with the governor on the latter's plea for a change of venue.

Curtis' plea was to have been heard next Monday. Interest in the case meanwhile centered on the third defendant, Lieutenant Governor Fred E. Sterling. The lieutenant governor has made no announcement of his plans for defense.

NEW ANGLE IN MURDER CASE

Ralph B. Obenchain Makes Prediction of Arrest.

SAYS MURDERER WILL SOON BE IN CUSTODY

Declares Mrs. Obenchain and Arthur C. Burch Will Be Released Before Sunday.

Los Angeles, Cal., Aug. 13.—A new angle developed today, in the murder of J. Nelson Kennedy, wealthy broker, while Ralph B. Obenchain, the "man in a million" was predicting solution of the tragedy "within five days." Obenchain declared that Mrs. Madalynne Obenchain, his former wife and Arthur C. Burch, her "unrequited lover," will be out of jail and the guilty party in before Sunday.

The new development involved efforts to apprehend a man said to have left Los Angeles, last night, on a Salt Lake train. Deputies from the sheriff's office were conducting the search for him. According to reports, the man sought is one of two seen to have abandoned a stolen automobile at Santa Monica the day after the murder of Kennedy.

Neither Obenchain nor the Rev. Dr. W. A. Burch, father of the accused, would give an intimation of the information on which the prediction of the early solution of the mystery was based.

It is believed that information received by them in conference with private investigators for the defense prompted Obenchain's statement.

In commenting on Obenchain's claims, Malcolm McLearen, chief investigator of the district attorney's office, told a representative of the International News service, today: "If Mr. Obenchain really wants to solve the mystery, let him come to the district attorney's office. He will be made an officer and given a badge and allowed to work with us."

Both Mrs. Obenchain and Burch have announced their willingness, it was said, for a dual defense in a single trial.

It was learned that separate conferences at the jail, last night, Mrs. Obenchain came so close to Arthur Burch that she said "hello Arthur," he smiled, but did not reply. He told the reporters he did not believe it good policy for him to speak.

Trunk Seized.

Los Angeles, Aug. 13.—A trunk consigned from San Francisco to Mrs. Madalynne C. Obenchain, under indictment in connection with the murder of J. B. Kennedy, broker, was taken from a hotel, yesterday, by representatives of the district attorney's office after Ralph Obenchain, attorney for his former wife, had threatened to seek an injunction to prevent its removal.

The trunk was taken to the county grand jury rooms for an examination of its contents and was observed by a jury.

OFFICERS MAKE A BIG SEIZURE

They Got Ninety-Five Cases of Liquor from Yacht.

CAPTAIN AND ALL OF CREW ARRESTED

Cleveland Officials Think Yacht Is Used by One of Strongest Whisky Rings in Country.

Cleveland, Aug. 13.—Captain William L. Curry, of Toronto, Canada, and other men and four women were captured by police, early today, in a thrilling raid on a large steam yacht, believed to be used by one of the strongest whisky rings running booze between the United States and Canada.

Ninety-five cases of various kinds of wines and liquors were found aboard the yacht, which was seized at Whiskey Island, west of the Cuyahoga river.

Captain Curry is believed to have been in command of the run runner, Tranquillo, which was captured at Rocky river, near here, June 3, with a cargo of Scotch whisky aboard, which was later seized by members of the police department of Lakewood, a Cleveland suburb and caused the resignations of Chief P. S. Christensen, together with fourteen of his men.

The arrests and seizure followed a tip from Captain Hans Hansen, of the United States coast guard, that the yacht, Venice, with a merry party aboard, was acting suspiciously in the outer harbor, late last night.

A watch was set but it was not until nearly daylight this morning that, with all lights darkened, she made for the wharf at the Great Lakes Dredging & Dock company. Two flying squadrons of police reached the dock just as men began to hurriedly load the liquor in a five-ton truck, which was awaiting. As the police arrived, lines were hurriedly cast off the boat, but not before officers had leaped to the deck, entered the cabins and at the point of revolvers put those on board under arrest.

Charges of violating federal prohibition laws were placed against the men. The women will be held by the federal authorities pending an investigation.

Captain Hans Hansen, of the United States coast guard, reported this morning that the yacht, Venice, seized this morning, was sinking at the customs dock. He said that he believed the sea cocks had been opened. A detachment of United States Lifeguards was placed aboard to man the pumps.

Federal Agents Busy.

Chicago, Aug. 13.—Federal agents began an investigation today, of the alleged violation of federal laws by Promoter Tex. Rickard in transporting interstate the motion-picture films of the Dempsey-Carpentier fight, which were shown last night to soldiers in an army hospital here. The government agents, acting on a complaint from a woman's organization, went to Rickard's hotel to interview him and investigate the charge. It was not stated whether the promoter would be arrested.

How Old Age Comes To Those Who Invite It

—"There's a Reason"

THERE are plain rules, well understood, about keeping a piece of machinery in repair and running smoothly.

Is the body as important as an automobile engine or a furnace?

Is it as reasonable to talk about the best ways of sustaining the body as it is to talk of proper care for the engine or the furnace?

Well, then—

The body is strengthened, warmed, sustained—kept young—in a very practical and scientific way.

Some Simple Facts

Food is heat and power and motion for the body.

After all, there's nothing mysterious or magical about what food does in serving human need.

Nothing mysterious, but much that is interesting—and important.

Some foods are particularly good for the body.

GRAPE-NUTS is such a food.

GRAPE-NUTS is made from whole wheat and malted barley flour—product of the very grains which are richest in food elements for human need. Under the outer, or bran coating of the grain,

nature has placed phosphates and lime which go to the making of bone, and the red blood corpuscles.

This may sound like physiology, but it works like health.

Hunger Not Cheated

All the richness of the kernel, together with essential mineral elements, are retained in the making of Grape-Nuts. Often, in the manufacture of foods, some of the most vital of nature's provisions are thrown away.

The long baking process (GRAPE-NUTS is the result of 20 hours continuous baking) partially pre-digests the food substance, develops the starches into dextrin and maltose—giving to Grape-Nuts its own natural sweetness—and produces a food which, when served with milk or cream, has been found by chemists to be almost perfectly balanced in qualities of nutrition.

The Enemies Within

Now, old age begins in the larger intestine.

This is what the scientists have found who know the human body as the mechanical expert knows his automobile engine.

Noneed to go into the particulars—it's enough to say that certain effects produced by food which is slow in digestion develop fermentation and other conditions which cause the bodily machine to slow down and wear out sooner than necessary.

Grape-Nuts digests quickly and wholesomely.

Much of this is due to the fact that the long baking has partly pre-digested the nutrient; partly to the fact that there is contained in Grape-Nuts the essential "roughness" to stimulate the action of the intestines.

Health's Splendid Champion

Grape-Nuts is a delightful food, for it is uniquely rich and sweet in flavor, and always crisp. It is unusually nutritious, for it has all the body-building elements of the most perfect food grains. It is a convenient and economical food, for it is ready to eat from the package, keeps in any climate, and is appetizing to the last bit.

It builds strength and vigor without taxing the digestion or leaving, within the body, elements whose familiar harm is really the beginning of "old age."

Grape-Nuts has been a favorite food, around the world, for nearly a quarter of a century—

And there is a reason!

ESTIMATED 2,500 AT GRANGE-FARM OUTING

Claridon Township Horseshoe Pitchers Win Title.

MANY TAKE PART IN THIS OLD-TIME SPORT

Perhaps Most Exciting Contest of the Day is the Tug of War.

Claridon township's horseshoe pitchers won the county championship at the Annual Grange-Farm bureau picnic at Garfield park Wednesday afternoon, but at the close of the official contest they were defeated by Marion township's team. Prospect, Waldo, Richland, Green Camp, Claridon, Marion and Big Island townships and Bethlehem Grange entered teams in the contest and the final was between Claridon and Green Camp, with Amser Sull and Rice Moberly, of Claridon, winning the match. Arrangement of the schedule prevented the Marion township team from contesting with Claridon and at the close of the contest the Marion men challenged the winners and won.

Tug of War.
Perhaps the most exciting contest of the afternoon was the tug of war between teams from eight townships. That the men expended every energy to win is attested by the fact that they were so nearly exhausted the matches necessary to determine the winner were not finished.

In the first group Big Island defeated Prospect and Green Camp defeated Richland. In the pull between these two winners Green Camp was the victor. In the second group Grand defeated Claridon and Waldo won from Pleasant. The Waldo men were too nearly worn out and the remainder of the contests were called off.

Estimate of 2,500.
Grows at the grounds for the picnic dinner at noon were swelled several hundred during the course of the afternoon and it was estimated that the picnic was attended by 2,500 people.

In all sixteen contests were on the program and on account of the time consumed by the horseshoe pitching and tug of war several contests were staged at the same time. In the pavilion a musical and literary program, furnished by the various granges of the county, was given in addition to the address of Howard Leonard, of Eureka, Illinois, president of the Illinois Agricultural association.

OBITUARY

Barrows, Morris Ashley—In lov-
ing remembrance of Morris Ashley
Barrows, who departed this life Aug-
ust 7, 1921, after a very brief ill-
ness. He was laid to rest in the
beautiful cemetery at Delaware.
Morris was born in Delaware
county in the year of 1855. He was
married to Miss Lula Bowen and
they were the parents of two chil-
dren, Lowell, aged fourteen years,
and Ruth, aged ten years. These
little ones came to bless their home
and he reared them with fatherly
care. His crown will shine with
many a star for all the good he did
while on this earth. Morris was
widely known and always greeted
his neighbors and friends with a
cheery smile. He was interested
in the Sunday-school and church
and in everything that leads to a
higher life and to a beautiful home
not made with hands. He was a
member of the Local Order of Gold-
en Hearts and the Protected Home
Circle.
The little home is lonely now
without the little ones' dear daddy.
They can look for him, but their
looking is all in vain for he has
gone to sleep safe in the arms of
Jesus. He wears a crown of stars
and they can only wait to meet him
in that beautiful home called heav-
en. A Friend.

FORER HILL'S L. 1, Aug. 18—California parakees will monopolize the people's minds here, this afternoon, if matches are played as scheduled.

Miss Mary K. Browne, of Santa Monica; Mrs. May Hutton Bundy, of Los Angeles; and Miss Helen Willis, of Berkeley, the sixteen-year-old school girl, were to square in feature matches.

Miss Browne, practically assured of a victory over Miss Willis, in the second set of three, lost to one in her favor when she dropped their matches was to meet Mrs. Benjamin E. Cole, of Boston in the fourth round today.

Mrs. Bundy, who scored a brilliant victory over Mrs. Edward Raymond in the third round, drew Miss Helen Gilletteau, of Gadsden, Farms, as her fourth round opponent and Miss Willis was scheduled to play Miss Virginia Carpenter in the final round for the national junior championship.

Molla B. Mallory, who kept in practice yesterday by romping through two sets with Miss Florence Sheldon, was to meet Miss Helen Pollak Park today and Mrs. C. V. Hitchins was paired with Miss Stuart Greene.

BASEBALL

Tagging the Bases

The Yankees hammered White Sox pitchers to all corners of the lot and took their first western game. Ruth got another homer, his forty-fifth, off Winchek.

Johnny Walker, the Athletics' first baseman was knocked out by a ball hit by Jamieson at Cleveland. The Indians overcame the Athletics.

Miller's home run with Milan on base, saved the Senators a shut-out at St. Louis, at the hands of Snodgrass. The Browns won easily.

The Cubs punched the last pennant chance out of the Braves by taking a twin bill. Ponder and Jones pitched for the winners.

George Kelly's homer, his twentieth, came in the first inning with the bags full and enabled the Giants to trim the Reds.

Rain stopped the other games. The Tigers have asked waivers on Donnie Bush.

Resting Easy

Cleveland, Aug. 18—"Johnny Walker is resting easily," said a bulletin from Lakeside hospital, at 8 o'clock this morning, where the injured Philadelphia ball player was taken after his accident at Dunn field, yesterday, when he was hit on the head by a line drive from Jamieson's bat. He suffered considerably from pains in the head during the night. An x-ray examination disclosed that there was no fracture, as it was at first feared.

A Cleveland Blackmailer Asks \$100,000 from Stillman.

WOULD BLACKMAIL NEW YORK BANKER

Blackmailer Makes Threats of Death—Same Person Involved in Cleveland Cases.

Cleveland, Aug. 15.—A Cleveland blackmailer has demanded a cool \$100,000 hush money from James A. Stillman, multi-millionaire New York banker, under penalty of death. If the demand is refused, postoffice inspectors here declared today, at the same time stating that they were "hot on the trail" of the blackmailer and that his arrest was, in all likelihood, a matter of but a few hours. The letter also threatened, if the funds were not forthcoming immediately, to publish to the world more "love" notes said to have been written by Mrs. "Fid" Potter Stillman.

The blackmailer told the banker that a member of his gang was one of the slayers of Daniel F. Kaber, wealthy publisher, for whose death his widow is now serving a life sentence and four others are awaiting trial.

"The money must be delivered before September 1," the note declared and a lonely spot on a Cleveland street in the foreign quarter was given as the address. Postoffice inspectors say that the handwriting on the blackmail note is the same as that on two notes written to Cleveland Heights business men some months ago, demanding \$50,000, under threat of death. At that time a net was spread for the arrest of the writer, but he slipped through the fingers of the local police and escaped.

GOVERNOR DAVIS MAKES AN ADDRESS

Pledges Public Work Will Be Continued in State.

London, Aug. 18.—Declaring that the interruption of public work would seriously aggravate unfavorable conditions affecting business and agriculture and announcing that "there will be no letting-up in the rigid law enforcement policy in Ohio that led to the establishment of a state prohibition enforcement bureau," Governor Davis delivered an address here today at the Madison county picnic.

The governor said a determined campaign would be carried on against liquor law violators.

The administration would be guilty of "extreme shortsightedness," Governor Davis declared, if it did not recognize the "ill effects upon the whole state that would be certain to follow the stoppage of public work."

The governor reviewed the reorganization of the state government and savings effected and anticipated, under the new plan, the state enforcement of law and other activities of state government.

IN COMMON PLEAS

Wants Divorce Decree Vacated.

A motion to vacate the decree and modify the judgment of the court in the divorce suit of Earl Williams against Una Williams was filed in the common pleas court Wednesday afternoon by the defendant through DeGally & DeGally. July 26, the plaintiff was granted a divorce from the defendant and awarded the custody of the child, the decree being withheld for thirty days.

In her motion the defendant states they were married December 1, 1910, and have one child. She admits she left the plaintiff and went to the home of her father near St. Marys, but enters a general denial of the other allegations.

Mrs. Williams charges fraud, stating the plaintiff represented to the court that he did not know the whereabouts of the defendant and procured a pretended constructive service by publication, of which the defendant had no notice. She states that at the time the plaintiff commenced his action the defendant was living with her people in Audubon county and the plaintiff knew service of summons could have been made upon her, and states that by reason of these facts no legal service was ever made upon her and the court had no jurisdiction. She claims the child is a permanent cripple, can not walk, and needs a mother's care. She also charges the plaintiff wrongfully withheld from her a baby buggy and that he also holds her sewing machine, all of the furniture and some of her wearing apparel. She charges the plaintiff with immorality, that he did not provide her and the child with the necessities of life and that he cursed her and the child. She asks an order vacating and modifying the former decree. The defendant also asks for custody of the child and that the plaintiff be ordered to contribute to the support of the child.
